GRAPHIC DESIGNER

As a graphic designer, I love to work on digital and print projects. I think web design is a great balance between the right and left-brain. The right-brain creates imaginative concepts and the left-brain takes on the challenge of bringing it to life.

## EXPERIENCE

2020 – Present **DIGITAL DESIGNER**  
ABBVIE

As a digital designer at AbbVie, I am responsible for designing and developing web and interactive projects like responsive websites, email campaigns, eLearning programs, banner ads, and social media sites.
